

SKATEBOARD STOPS

Features:

- A choice of sizes and styles.
- Machined from solid 316 marine grade stainless steel.
- Simple to install using readily available tools.
- Stronger than cast models which can be brittle.
- Skateboard stops can be spaced as required to prevent damage.
- It is recommended that the maximum spacing on continuous straight runs should be no more than 1 metre apart.

Material: Solid marine grade 316 stainless steel.

Finish: High quality satin polish.

Styles: Round ball, Dome and Flat top.

Installation: Epoxy adhesive into drilled hole.

PART No.	DESCRIPTION
SK30F-SS	Skateboard stud 30mm diameter Flat top
SK30FC-SS	Skateboard stud 30mm diameter Flat top with 50mm dia. collar
SK30D-SS	Skateboard stud 30mm diameter Dome top
SK30DC-SS	Skateboard stud 30mm diameter Dome top with 50mm dia. collar
SK20F-SS	Skateboard stud 20mm diameter Flat top
SK20D-SS	Skateboard stud 20mm diameter Dome top
SK23R-SS	Skateboard stud 23mm diameter Round ball

MULCH & MOW RINGS Galvanised Steel Tree Rings

Features:

- The outward facing angle allows mowers to get right up to the rings eliminating the need for additional edge trimming.
- Installation is quick and simple, each ring is held securely in place by 4 off 300mm galvanised steel spikes (supplied). Rings are easy to relocate.
- Mulch & Mow Rings are supplied in two halves for fitting around larger established trees. The two halves simply bolt together with the fixings supplied.
- Rings act as an active barrier to weeds and reduces mulch loss through wind and bird scratching, thus retaining moisture in the tree roots.

Material: 5mm thick rolled mild steel angle.

Size: MM600G – 600 x 50 x 50 x 4mm angle.
MM900G – 900 x 70 x 70 x 5mm angle.
MM1200G – 1200 x 70 x 70 x 5mm angle.

Weight: 600 (6kgs), 900 (15kgs), 1200 (20kgs).

Finish: Hot dip galvanised.

Installation: 4 off 300mm galvanised spikes (supplied).

Mulch & Mow Rings enhance a neat and tidy landscape.

PART No.	DESCRIPTION
MM600G	Mulch & Mow tree ring 600mm dia. with all fixings (supplied)
MM900G	Mulch & Mow tree ring 900mm dia. with all fixings (supplied)
MM1200G	Mulch & Mow tree ring 1200mm dia. with all fixings (supplied)
SPIKES	Additional 300 x 12mm galvanised spike (each)
